

Product Description

Product Description

| | |
|--------------------|--|
| MASUMA No. | MFA-595 |
| Part Name | Air filter |
| OEM No. | Z622-13-Z40,ZJ01-13-Z40,ZJ01-13-Z40-9A |
| Maintenance | 1 month warranty |
| In stock | In stock |

All Masuma air filters are manufactured according to OEM specifications. A distinctive feature of Masuma air filters in comparison with conventional paper filters is a filter element that performs the following tasks: Filtration of the air entering the engine; Maintaining optimal unrestricted air flow; Extending filter life. The multi-layer filter element made of crossed fibers effectively removes all contaminants, including the finest road dust. At the same time, the filter almost does not restrict the air flow into the engine, allowing the motor to develop at full power. To improve dust trapping, the filter material is impregnated with special oils that make it sticky, trapping dust and dirt between the fibers. This type of filter is required for modern motors with sensitive air flow sensors. Masuma is a global brand of auto parts, components and consumables. The main specialization of the brand: resource parts for post-warranty service of Japanese cars. The company's strategy is to offer consumers the best ratio of reliability and cost of spare parts. All products are manufactured to order, technology and under the control of the parent company Masuma Auto Spare Parts Co., LTD (Tokyo, Japan) at dozens of modern factories located in East Asia.
