For the production of Masuma brake discs, ductile nodular cast iron is used. High precision castings with tolerances down to a few microns ensures correct disc geometry and vibration-free operation. Masuma manufactures two types of brake discs: ventilated and non-ventilated. Almost all models have non-directional coating of the work surface. This ensures a quick and even lapping after installation. Brake discs warranty 12 months. Wherever you bought or installed a part, within a year you have the right to return it by simply providing him with a receipt or other document confirming the purchase date and price. Even if you are not a certified auto mechanic and installed the part yourself in your garage, just keep your purchase receipt and, if a problem arises, you can always return the part. Masuma is a global brand of auto parts, components and consumables. The main specialization of the brand: resource parts for post-warranty service of Japanese cars. The company's strategy is to offer consumers the best ratio of reliability and cost of spare parts.
