Product Description

Product Description

MASUMA No. ME-T391L

Part Name Tie rod ends left

OEM No. 45470-09020,4547009120,45470-49025

Maintenance Warranty 12 months or 30 thousand kilometer

In stock Contact for inventory

Masuma tie rod ends are manufactured using state-of-the-art one-piece technology. The ball end pieces are made of Cr40 alloy steel and hardened. The mirror finish technology provides a ball pin surface roughness of no more than 0.4 microns, which significantly increases the life of the hinge. The design and processing technology of the ball joint ensures that the ball joint will not jump out of its original seat even with high angular loads. Steering tips are guaranteed for 12 months. Wherever you bought or installed a part, within a year you have the right to return it by simply providing him with a receipt or other document confirming the purchase date and price. Even if you are not a certified auto mechanic and installed the part yourself in your garage, just keep your purchase receipt and, if a problem arises, you can always return the part. Masuma is a global brand of auto parts, components and consumables. The main specialization of the brand: resource parts for post-warranty service of Japanese cars. The company's strategy is to offer consumers the best ratio of reliability and cost of spare parts.
