Masuma springs are manufactured from high quality SUP9 structural steel using hardening, tempering, heating and winding technologies. The springs are also subjected to additional processing to harden the surface layer and increase the fatigue strength. All new Masuma spring models are calculated and modeled at the company's Japanese engineering office using ANSYS finite element analysis software. Enhanced manufacturing control ensures alloy composition stability and high spring reliability. Spring warranty 12 months. Wherever you bought or installed a part, within a year you have the right to return it by simply providing him with a receipt or other document confirming the purchase date and price. Even if you are not a certified auto mechanic and installed the part yourself in your garage, just keep your purchase receipt and, if a problem arises, you can always return the part. Masuma is a global brand of auto parts, components and consumables. The main specialization of the brand: resource parts for post-warranty service of Japanese cars. The company's strategy is to offer consumers the best ratio of reliability and cost of spare parts.
