Masuma drive belt tensioners ensure correct belt drive operation, proper belt tension and no slippage. Strong and wear-resistant materials used in the production of rollers and belt tensioners of the Masuma drive belt are resistant to the influence of external factors, have a long service life and exclude premature wear. High-precision bearings perform well at high rotational speeds and temperature fluctuations. Depending on the type of bearing used, its design has a special boot or oil seal, which retains the lubricant inside, preventing the bearing from jamming, and also makes it resistant to external contamination. Drive belt tensioners are guaranteed for 12 months. Wherever you bought or installed a part, within a year you have the right to return it by simply providing him with a receipt or other document confirming the purchase date and price. Even if you are not a certified auto mechanic and installed the part yourself in your garage, just keep your purchase receipt and, if a problem arises, you can always return the part. Masuma is a global brand of auto parts, components and consumables. The main specialization of the brand: resource parts for post-warranty service of Japanese cars. The company's strategy is to offer consumers the best ratio of reliability and cost of spare parts. All products are manufactured to order, technology and under the control of the parent company Masuma Auto Spare Parts Co., LTD (Tokyo, Japan) at dozens of modern factories located in East Asia.
