Masuma CLEARGLOW halogen lamps retain their original brightness throughout their lifetime. The optimal color temperature of 3000K (as in standard OEM lamps) gives an effective light yellow light that not only illuminates the road well, but is also noticeable in fog. Halogen lamps Masuma CLEARGLOW work up to 1000 hours, which is 50% longer than analogues. A long service life is provided by a mixture of inert gases under pressure in the flask. The lamps are supplied with a soft protection on the bulb, which protects the glass from damage and contamination. CLEARGLOW halogen lamps are guaranteed for 12 months. Wherever you bought or installed a part, within a year you have the right to return it by simply providing him with a receipt or other document confirming the purchase date and price. Even if you are not a certified auto mechanic and installed the part yourself in your garage, just keep your purchase receipt and, if a problem arises, you can always return the part. Masuma is a global brand of auto parts, components and consumables. The main specialization of the brand: resource parts for post-warranty service of Japanese cars. The company's strategy is to offer consumers the best ratio of reliability and cost of spare parts. All products are manufactured to order, technology and under the control of the parent company Masuma Auto Spare Parts Co., LTD (Tokyo, Japan) at dozens of modern factories located in East Asia.
