Product Description

MASUMA No.	M2 5W-30 PLUS C3 4L
Part Name	Gasoline car oil (fully synthetic)
OEM No.	6920884000818
Maintenance	Universal
In stock	In stock

Masuma CLEARGLow halogen lamps retain their original brightness throughout their lifetime. The optimal color temperature of 3000K (as in standard OEM lamps) gives an effective light yellow light that not only illuminates the road well, but is also noticeable in fog. Halogen lamps Masuma CLEARGLow work up to 1000 hours, which is 50% longer than analogues. A long service life is provided by a mixture of inert gases under pressure in the flask. The lamps are supplied with a soft protection on the bulb, which protects the glass from damage and contamination. CLEARGLow halogen lamps are guaranteed for 12 months. Wherever you bought or installed a part, within a year you have the right to return it by simply providing him with a receipt or other document confirming the purchase date and price. Even if you are not a certified auto mechanic and installed the part yourself in your garage, just keep your purchase receipt and, if a problem arises, you can always return the part.

Masuma is a global brand of auto parts, components and consumables. The main specialization of the brand: resource parts for post-warranty service of Japanese cars. The company's strategy is to offer consumers the best ratio of reliability and cost of spare parts. All products are manufactured to order, technology and under the control of the parent company Masuma Auto Spare Parts Co., LTD (Tokyo, Japan) at dozens of modern factories located in East Asia.

DO YOU ALSO HAVE SUCH TROUBLES?

There are various problems

High Fuel
Consumption

Lack Of
Motivation

Difficult To
Start

The smaller the number, the better low-temperature flow.

The larger the number, the higher viscosity and the better the sealing performance.

Motor Oil Quality Grade Standard

0W	-35° C smooth start, shorten the warm-up time (recommended in severe cold areas).	20	Sparse (Suitable for new cars or Japanese and Korean cars)
5W	-30° C smooth start, shorten the warm-up time	30	Generally (Suitable for new cars or Japanese and Korean cars)
10W	-25° C smooth start, shorten the warm-up time	40	Sticky (Suitable for large displacement or turbo cars)

HIGH TEMPERATURE COMBUSTION STAY MOTIVATED

It has twice the strength of
the oil film to ensure that
the engine power is
lasting and strong.

PROTECT THE ENGINE

① MAGNETIC OIL FILM

Reduce abnormal engine wearing and oil change intervals.

② REDUCE FRICTION AND NOISE

Can quickly disperse carbon deposits and sludge, effectively reduce noise and reduce wear.

CLEAN TECH FORMULATIONS

Better engine deposit removal than
conventional mineral oils.
