The advantages of frameless and wireframe brushes come together in the stylish body of Masuma hybrid brushes. The robust housing with levers ensures that the work surface is firmly pressed against the glass, thereby ensuring effective moisture removal. The modern design of the body allows you to protect the inner frame from snow and ice, thereby preserving the functionality of the brush in the winter. Masuma is a global brand of auto parts, components and consumables. The main specialization of the brand: resource parts for post-warranty service of Japanese cars. The company's strategy is to offer consumers the best ratio of reliability and cost of spare parts. All products are manufactured to order, technology and under the control of the parent company Masuma Auto Spare Parts Co., LTD (Tokyo, Japan) at dozens of modern factories located in East Asia.
